Fish and Wildlife ~~Service~~ Office
RD #1, Box 703
Saltsburg, PA 15681

Dear Mike:

On June 20, 2002, I conducted and aerial detection survey for gypsy moth caused tree defoliation at Stonewall Jackson Lake. I am pleased to report that no defoliation was detected at, or in the vicinity of, your site.

However, if you anticipate requesting either financial or technical assistance for gypsy moth control in 2003, please contact Brad Onken or me by letter or telephone (304) 285-1541 before August 22, 2002.

Please call me at 304-285-1555 if you have any questions regarding this aerial survey letter.

Sincerely,

RODNEY L. WHITEMAN
